National Women Build Week

National Women Build Week is an annual nationwide initiative of Habitat's Women Build program developed in partnership with corporate partner Lowe's Companies, Inc. Lowe's provides \$5,000 store credit to 300 participating Habitat Affiliates, including Skagit Habitat in 2015 & 2016. Women Build is about empowering women and providing opportunities to learn and use construction skills while helping support Habitat's mission. With all the excitement locally following the last two events, we look forward to carrying on this tradition here at Skagit Habitat!

Habitat Helpers Program

Habitat Helpers Program is an expansion of Skagit Habitat's mission of providing safe and affordable housing. Habitat Helpers projects restore livability to the homes, allowing families to stay in their homes. Groups of volunteers and homeowners really see the improvements from start to finish following Habitat Helpers projects. They are a great way to build teamwork or as fellowship for a group from businesses and organizations throughout our community.

Skagit Habitat also provides (*at least*) 20 raffle items, with all proceeds from the raffle going directly to Skagit Habitat. Sponsorship levels are determined annually by NPSAR®, contact Kimberly for details.
